“ Glenn, you left way too early. So young when we first met, how I loved and enjoyed those hours long card games we'd play. To me, you always had a smile on your face and an eagerness to help. Even when circumstances and times changed, you stayed in touch with me, always offering to help me w/any projects I had. Right up until about 2 months ago, you were still offering to help. Always my little brother, always a spot in my heart.
