Dad,
Still can't believe your gone. I'm really going to miss you and all the crazy stuff you did to make everyone laugh. Your loud and obnoxious voice will no longer echo through the house when you visit. I love you dad and miss you I know your watching over all of us now but it is still really hard to keep moving forward and I do not know what to do and you left without saying good bye which sucks and I want you to know I hate you for it but you were the best father I have ever had and no one can ever replace you yeah you did some crappy things but I also know that the things you did was out of love and it feels like there is a massive hole in my chest as if I have been stabbed with a fork but most of all I wanted to let you know that I love you and I always will

“ Dear dad, it was hard hearing that you passed. I keep holding on to all of those memories that we had when i was a kid. I hope that youre smiling down on all of us, we all miss you so much. As much as it breaks my heart, I will never ever forget how happy you made me. I will never forget the funny things you said, the tickle fights we had, the gifts you gave me, or the summers spent with you. You will always be my rock, my number one. And dad, I hope youre proud of the person Ive become. Rest easy. Love, Cat.
