“ Lee, I know you have been ill for quite some time but you always pulled through. I remember the last time we were with you .... the 2021 family reunion at Eleanor's home. We all had a great time, especially you, Billy and Chrissy. Those days will long be remembered. We all talked about the 2023 reunion back then and was looking forward to it. This year will not take place for us. I know you are out of pain now, which is good, but you will certainly be missed. The great times will always be remembered. Until we meet again. Love you.
