“ *Butch,*
I will always cherish that picture of you sitting on your new motorcycle. I didn't know that we shared that passion. My heart aches over you missing the ride, but it rejoices that you got ready for it with such spirit! And that show of spirit is a timeless and priceless gift for your son and for all of us to always remember about you.
Thanks, and as they say locally, vaya con dios (roughly translated: "God rides a Harley!").

Your brother
Dave

“ *Butch and I had many good times during High School and beyond. After graduation and prior to us going into the Navy, Butch and I and a group of our buddies went on a road trip to Miami, Florida and we had a blast. I have many lasting memories of the good times spent with Butch. We lost touch but ran into each other later in life while working at Winchester Medical Center and became re-acquainted again. He will be missed but never forgotten! With my deepest sympathy, Dennis Nichols.*

“ I remember him calling me to ask if he was too late to send his money for the 50th reunion of the Handley class of 1965 in 2015. He wanted so much to be there and I told him that he had plenty of time. He enjoyed seeing all of his classmates that weekend. He was a great guy and I really enjoyed seeing him that weekend.

“ My dad texted me on April 26 out of the blue and said hey meet me at 6:00 to look at this motorcycle I want to buy I said ok and met him there and he was so excited he ended up buying it and I was storing it for him in my garage because he still had to go to lord Fairfax to get his license to ride. I think I was just as excited as he was because for once in our lives we where going to have something in common as I own a motorcycle too and was looking forward to ride together. Well 2 weeks went by and I had already cleaned it up for him and had it looking like a brand new one he was so happy when I sent him pictures of it but unfortunately his health declined so fast that the only memory I have is I took his picture sitting on that motorcycle in my garage. The last day I got to spend with him he was so disappointed that he wasn't going to get to ride and then he said you know that bike is yours and when you ride it point up at the sky and give me a smile . Well dad I will ride and I will point every chance I get rather if I'm riding or not . I love you dad and I will miss you every day love your son Kris 💕💕💕

“ *Butch, you touched so many lives and in so many different ways. I will always know you as Barb's husband and Sarah's dad. I know your family misses you so deeply, yet rejoice in knowing you are no longer in pain. You will be missed by so many. Hang with Jesus until we all meet up again.*
