“ Breaks my heart to hear of her passing. She was one of my biggest mentors and she taught me all I know about nursing leadership. She believed in me when I didn’t have a clue what I was doing. She will always hold a special place in my heart. Sending all my love and prayers to Susan and her family. I will continue to share everything you taught me with those I mentor in your memory. Rest in peace my friend. ❤️

“ My condolences to Susan and the rest of Desiree’s family. She was a genuine friend who cared about others; always willing and able to help her friends Janet and Al, even at the expense of her own health.
