“ Anna Crossett lit a candle in memory of Diane Andrews

“ Last time I seen Diane was over Labor Day weekend at Food Lion. She was smiling and looked so happy and relaxed. I was so thrilled for her to get to enjoy her retirement. We worked together as supervisors on the Mountain, and she became my supervisor when I returned from the field to the Helpdesk. She was also my friend. Such a good person, great supervisor and had a HUGE heart that made more sacrifices that no one will ever know about! I am so sorry I cannot attend her service as I am working in TN but know she will never be forgotten as she has taught me so much and will always be in my thoughts and prayers.

“ Diane was one of my dearest friends growing up. Always with a smile and a joke; always sharing wonderful stories of her family; and she showed strength and grace even in difficult times. I will miss you forever Di- thanks for being my friend.

“ *This breaks my heart. Diane was my supervisor for many years at FEMA and continued to counsel me when she was not. She always had time to listen and advise me with my own similar medical issues. She never failed to make us laugh when we needed it and reel us in when we strayed too far off, lol. Like the chicken dance on night shift or non alcoholic bloody mary's on break. She knew we worked hard and met the mission but also needed a break occasionally. Love you Diane, I will never forget our talks. Your family, both children and co workers, will miss you! Winnie*

“ • I worked with Diane for many years, we started together “on the mountain”. In the 25 years she and I worked together, I don't recall ever hearing her raise her voice. She loved her job and her “peeps” Diane had an open door policy and I always felt comfortable talking to her about anything. She loved her family and spoken of them often, sharing some funny stories along the way lol. Diane was loved and respected by many though out her years at FEMA. “Those we love don't go away, they walk beside us everyday.” — Unknown

“ I met Diane when I went to work at FEMA. Even though she was never one of my supervisors she was always willing to help anyone in need. She was a sweet woman and so much fun to be around. My condolences to her family and friends. R.I.P. Diane....you will be missed.

“ *She was my supervisor when my dad passed away. I had been at work and she just took charge, took care of everything for me so I could leave to travel to Topeka. She was a kind supervisor, direct and to the point but always kind. And a great sense of humor. She was very well respected within FEMA.*

“ She loved going for lunch and just talking. We tried to go as often as we could. Whenever she took awhile to answer my text I knew she was in Jersey. She would laugh when I would text "Are you in Jersey". I loved our time together. Will be greatly missed.
