“ Love knows no boundaries. As you left this world, it was easier to breathe and the pain was gone. As you reached your final destination you are welcomed by the others that had went before you. You touched alot of people, far and near. You will be remembered a long time. Your love will live on in your children and grandchildren, and their children. You left way too soon. We love you and will be missed for years to come.. Xoxoxo always.

“ My thoughts and prayers are with all of those who loved her. I knew Donna growing up as a little girl along with her family living on Farview and going to school together. I know this world can be sad without her, but the comfort of her resting now in the arms of our precious Jesus pain free will be some comfort. God be with all of you today and the days ahead.
