“ Dear Family,

I personally have many warm and wonderful memories of Ellie when years ago she and I worked for the same company -- The GT Group. We worked diligently but we also had lots of fun -- especially Friday afternoons when we all gathered in the luncheon kitchen.

May time accomplish what no words can do.

Our sympathy and warmest thoughts are with you now.

“ I want everyone to know that I am there in spirit even though I'm not in body. Ellie was one of my best friends and my mentor. She always took care of "us girls" at work and took it very personal. I remember when I had my wedding at her house I think she had as much fun as I did:) I always wanted to be like her when I got older. The person I am today is because of the influence she had over my life. She will be greatly missed but I know that each one of us have many special stories we could tell about our adventures with Miss Ellie. You all welcomed me into your family and I am very grateful.

If there is anything I can do for any of you, I am just a phone call away.

Love always, Tonya Bellomy Jacks
