“ *To the family of George Baker,
Sorry to hear of his passing. He fought his illness a long time and put up a good fight!
But God called him home for his suffering to be over. I knew George when he worked for the Town of Warrenton years ago, and also from living in Remington from 1977 thru 1994 till the passing of my late husband, who had grown up in Remington all of his life, Roger Lee Olinger. You are in my thoughts and prayers.
