R,

“ She was our next-door neighbor, She was like a mother to me, I grew up waking up in the early dawn Of the sounds of her playing the piano I would lay in my bed gazing out the window humming along, she was very respected around the neighborhood, I look forward to the times that I got to go over there and have tea with a little bit of milk in it and toast to dip it in, the best part was when I got to spend the night she would have all these different kinds of food to eat grapes chips and dip ice cream, as we sit and watch TV together, Helen you will be missed, God has your piano ready May you shine in heaven as you did on earth, RIP Helen Swartz I love you ❤️

Thank you for sharing all you knew with me ,
God be with friends and family as they go through this difficult time,
may they find comfort and peace in you ,
