“ Jane was a prosthetic patient of ours in 2016, and she was so kind and lovely. We hadn't heard from her in a long while so we wanted to call and see how she's been, only to find out about her passing. We just want to give our condolences to her family and friends and say we are so sorry for their loss and we are also sorry we didn't know about this sooner. Rest in peace Jane. Thank you.

“ You always were the little blonde haired cutie who greeted me at the top of the stairs whenever I had supper with you and Linda at your dad's market. So sorry the illness left you with such a difficult life but hopefully you will get the new body without all the pain and suffering. You will always hold a soft spot in my heart. RIP

“ I am so sorry to learn of Jane's passing...I worked with her in the anesthesia department at the hospital...she was always quite cheerful and I especially remember her trip to Hawaii and how much she loved it! My thoughts and prayers are extended to the family as Jane finally has found her peace....
