“ Jason was an amazing friend. I am so sorry to hear of his passing. I had not seen him but a handful of times over the last decade, unfortunately. I am including a picture of him at a festival in Elkins WV from probably 14-15 years ago. He always had a smile and was always a gentleman. I miss you my friend. Love always.

“ Still missing you, everytime I hear a car come up our driveway, I think of you! We miss you so much!
I went to see your babies, when we knocked on door Toren hollered mommy mommy its daddy. It really broke my heart. I knew you were with us. I still haven't found out exactly why you died, I still just cant believe you are gone. I want you to know I wish I had opened the door. I am sorry I pretended to be asleep. I was just mad cause it was so early. if I had known, I would have answered and gave you the biggest hug ever. You are the first friend I have ever lost. I must say I don't like it much. I know time will ease the pain. Its just getting there. We love you and mourn you every damn day! I hope this gets easier.

“ *Weird Uncle Jason,
We are going to miss your random visits. You were a part of our little family. I can't believe you are gone. As I sat in funeral home today! I thought how a big part of us went with you. The girls wanted to come to your funeral. I made them go to school. you were a presence in our lives, as Chris said today. You were there whether we wanted you to be or not. You are irreplaceable. You truly were a beaming bundle of goofy joy! You will never be forgotten! I just wish we had more time! I am so sorry to all of your family. Our lives though will forever be better cause you were in it. You were a true friend, a brother and an Uncle, Forever with Love, Tania, Chris and the Girls!*
