“ *My Mother was the best Mother! She meant the world to me! I just wish she were here. I could type a novel about how great she was but it's upsetting to talk about her! I think about you every day and I miss you so much! We all miss you dearly!* ”

“ *Wow where do I start? I have so many memories with My baby sister kelly, but I think the best is when she would come to see me in luray at r cabin for the weekend we would drink and laugh at everything it didn't matter what or who we would just laugh. Spend time talking and just being together. We also had r grand babies with us so that was another the that would make us happy. People would say that we were crazy cause it could b quite but when Kelly and I was together next thing you know we would bust out laughing. I going to miss the family gatherings, the talks on the phone the laughing at stupid shit. You will always b n my heart. I love and miss you kelly*
