“ Condolences of Larry's passing and remembering Deanna as well. What a blessing you both were to many. I left D.C in 1977 but remembering the Ident family like it was high school or college. We were all so young seeking our 1st adventure as young adults. I don't remember speaking with Larry (though I am sure I did probably from the error room) but I do remember his focus and work in so many areas. I remember Deanna's laugh which tells me how happy Deanna was. May your memories always bring a smile to your face even though there are tears.

“ Uncle Larry was one of the BEST uncles a girl could have! I remember coming to paps and him messing with tools in the garage, singing (had the deepest voice). He knew we all loved him and we knew he loved us. I will miss you more than you will know!! Aunt Deanna I love you and I am sending prayers! Love you, Sarah, Drake and Ray!

“ Wes and I are sending our condolences. My favorite memory of Larry was him offering to walk me down the aisle at my wedding in 1973. That meant so much to me. Deanna, please know we are thinking of you and sending prayers your way. He was a very special cousin. Love, Debby
