“ Today started out cloudy but as hours passed and the service began, the sun shun bright, the trees were gently blowing and I could feel your presence all around. You always called me your adopted daughter, I am so thankful to have had so many years with you, the past year we really got close. I will forever cherish all the memories I have of our laughs and talks, we would talk about anything, I always knew you were a phone call away. Until we see each other again, I will hold on to all the special times together. I miss you and love you. Your adopted daughter,
Karen
