“ My name is Brian Hicks from Houston and I met Mike when I was visiting Virginia through a mutual friend. Richard Anderson. Mike didnt know me from Adam but allowed me to stay at his home as long as I needed through the generosity of his heart. We became good friends and I often think of him as the brother i never had. I'll always remember Mike and he will be profoundly missed. God bless him and his surviving family members.
needed a place to stay, and out of his generosity he allowed me to at his home as long as I needed to.

“ I was a good friend of mike. My name is Brian Hicks and I'm from Houston, TX. I came up with two of my friends Gregory and Richard who were from V.A. and visiting houston. We were in a rock band and convinced me to come up to Winchester with them. I stayed with Gregory's folks for a couple of months, but eventually had to find somewhere else to stay. Richard asked his food friend Mike if it would be ok stay with him, provided I paid rent. We were already using his home as a 'jam' room. He really didnt know me from Adam, but out of generosity he agreed to let me stay. Had it not been for him i wouldn't have survived in Winchester. We became good friends and I consider him the brother I never had. Going up to Shennandoah Towers, over looking the seven bends, and the wonderful Blue Ridge Mountains. I'll always remember Mike and will truly be missed. God bless his soul and surving family.

“ I was very sad to learn of Mike's passing. Our love for each other prevailed. While it was very hard for me to choose a different path in life, I believe he understood why. Mike was a gentle and kind man and I will never forget the memories when our lives were connected. Rest in peace my dear. Until we meet again...all my love. Brenda

“ I worked with Mike in the Security & later the Public Safety Department at Shenandoah University. He was a conscientious employee and was a pleasure to work with... I worked a 6 am to 4 pm shift and Mike usually relieved me at 4 pm. I know he suffered with his prostate cancer but he is now free of pain. RIP Mike!
