Twilight

Please don't shed a tear

If years takes me away

Not knowing myself will face the sky at night and day

Maybe we share a memory once again And speak again in a song

Can't express Love in words

What you have taught me How will I know you In a dream

Maybe we share a memory once again And speak again in a song

Will sleep to see you

With a smile Places we seen

We shall meet

Maybe we share a memory once again And speak again in a song
