“ Bobby was such a sweat sweat soul! I have so many memories but I keep thinking about all the Apple Blossoms we would roller skate to his house and then hang out downtown all weekend. Sometimes staying the night at his house in the cubby in his closet. Lol and of course all the nights at the rink. Man could he skate!! Always in his OP short shorts 😊 But what I think about the most is the Christmas we spent together. Gosh we were so young. Probably the best Christmas I ever had. I bought him a Tender Heart Carebear. He was everything that bear stood for. He was the sweetest, most loving and tender hearted person I've ever known. And his smile and laugh were the best! The world is a much sadder place without him. I miss him terribly 😞💔 Love you forever Bobby Bear!!! Give my Son a kiss for me!
