“ Roger was my friend and a friend of my father for many years. He worked on our families cars and was always honest and never overcharged. A few times when I had little money to pay for repairs he charged less. He was a generous man with his time and money. I used to stop into his shop and talk and sometimes help him lift or carry or watch the shop while he went to the parts store. I was always welcomed. He was a kind and generous man and I will miss him a lot.

I know there are no words that can take away the pain you are feeling. I wish there were. Just please know you have people thinking about you and here for you. Prayers for you and your family will continue.*
