Tribute Wall

“ I'll never forget the sound of her voice, her honest humor, the many hours/afternoons sitting with her and her family on the patio. Standing with their family to send her son off to war. Such a hard day, but she was so proud. I appreciate her and her husband coming to visit us at our home that last time. Never put off things for tomorrow, because you never know what it will bring. We've known Ruth and her family for nearly 15 years. Her son and daughter-in-law were in our wedding. Still can't believe she is gone. You are so missed and will never be forgotten, Ruth! Watch over your family. Love you! Rest in peace.
