“ I am just hearing about the passing of Timmy . I first met him when he was an employee that worked for me at Carrier . He was a pleasure to know and was just the best person to be around . You could always count on , when Timmy was around , to have a lots of laughs and good times . He was such a good person , he didn't have much but you could never meet another man that was so content and so happy with what he did have . I was so envious of this quality as only a few people you will ever meet in life have this view and prospective . Timmy , you will be and already are missed greatly.

To the family and friends , I wanted to give you my condolences and even though I am just hearing of his passing will grieve at the loss of a dear friend. May god bless you .
